## ACADEMIC PROJECTS & RESEARCH

### The Need to Protect Our Own Vital Resource from Ourselves

**February 2020**

- An examination of the global water crisis through discussion of the escalating issues of scarcity, contamination, and pollution that result from human activities such as industrialization, consumerism, and urban development. It emphasizes the need for sustainable water management and collective accountability to preserve this finite resource and ensure the health of both the planet and its inhabitants.
- MLA Style Writing (8<sup>th</sup> Edition)

### Technology in Healthcare and Its Relation to Patient Engagement

**November 2023**

- A review of four studies highlighting how healthcare apps and wearable technology improve patient engagement, well-being, and nurse-patient relationships while reducing burdens on healthcare professionals.
- Collaborative Class Project: Research Poster

**Time to Hand LandBack****November 2023**

- An exploration of indigenous stewardship that sustained the lands of the United States long before European colonization with a narrative that delves into how centuries of displacement and broken treaties led to the marginalization of native communities. The presentation highlights the modern "Land Back" movement—a powerful call to return ancestral lands and embrace sustainable practices from those who have long cared for our planet.
- Utilized the Canva platform with multimedia effects

**The Use of Artistic Creation to Ease Sadness****April 2024**

- A creative research project exploring the relationship between sadness and artistic expression, incorporating personal experiences and academic sources to investigate how creative activities can serve as adaptive mechanisms for mood regulation and healing.
- APA Style Writing (7<sup>th</sup> Edition)

**Childhood Obesity Public Health Peer Teaching Project****November 2024**

- This project examines the disease, distribution, and determinants of childhood obesity, providing peer education about the health risks, varying impact across different populations, and underlying factors influencing the prevalence of this public health concern. It concludes with a call to action that includes potential interventions as examples of how the public health nursing field can address this concern.
- Multimedia presentation using PowerPoint slideshow with video narration

---

**CERTIFICATIONS****Certified TMJ Assistant****July 2003**

- American Academy of Craniofacial Pain, Bozeman, MT

**Certified Massage Therapist****March 2006**

- Hands on Healing Institute, Tujunga, CA

**Certified MyoResearch Myofunctional Therapist****January 2019**

- Myofunctional Research Company, Rancho Cucamonga, CA

---

**CONTINUING EDUCATION****Introduction to Myofunctional Therapy****October 2013**

- Academy of Orofacial Myofunctional Therapy, Pacific Palisades, CA

**AAMS Congress, Los Angeles, CA****October 2015**

- Academy of Applied Myofunctional Sciences, Pacific Palisades, CA
- Laynee Restorative Breathing Method with NeuroSequencing Level 1** **June 2016**
- Lois Laynee Restorative Breathing, Phoenix, AZ
- Laynee Restorative Breathing Method with NeuroSequencing Level 2** **October 2016**
- Lois Laynee Restorative Breathing, Phoenix, AZ
- Midline Protocols (Frenula Assessments)** **August 2017**
- Lois Laynee Restorative Breathing, Phoenix, AZ
- Cranial Nerve Assessment** **November 2017**
- Lois Laynee Restorative Breathing, Phoenix, AZ
- Best Practices in Pediatric Feeding, Motor Speech and Mouth Development by Diane Bahr** **February 2019**
- Talk Tools, Charleston, SC
- TOTS Training** **June 2019**
- Chrysalis Orofacials, Greenville, SC

---

#### **ADDITIONAL TRAINING & SPECIALIZED EDUCATION**

- Collaborative Institutional Training Initiative, Fort Lauderdale, FL** **September 2024**
- Social & Behavioral Research
- Responsible Conduct of Research
- Hands on Healing Institute, Tujunga, CA** **April 2004 – June 2008**
- Energy Healing
  - Level I April 2004
  - Level II February 2004
  - Level III May 2005
  - Level IV June 2008
